North Lot Project

Presentation on PHPDA's North Lot development project

The Executive Director made a brief presentation about the history and mission of the PHPDA, and provided background on the development of the North Lot project.

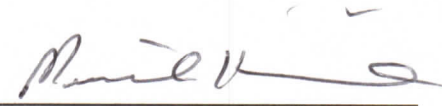

Development Consultant Maria Barrientos and Weber Thompson architect Carey Dagliano-Holmes facilitated an in-depth presentation about the purpose and design of the North Lot project.

Members of the public were then given the opportunity to offer comments and ask questions about the project. Concerns were raised about the potential increase in traffic, noise pollution, public access, and the view of the Tower. Maria Barrientos advised that all preliminary impact studies have been completed.

The Executive Director sincerely thanked the public for attending and participating in the meeting.

Adjournment

The meeting was adjourned at 7:30 p.m.
